

Baby Lay Waiting

(c. 1980's)

Woman stand alone
'Cause a daddy ain't shown
But a baby's spirit been waiting inside her impatiently
Won't act
Till that
Union's intact
Hard enough, earthly entry
Let alone without a family
Love Love Love
Love me
I'll make room for you
If you make way for me
Help Help Help
Help me
I'll care for you
And you care for me
Lady lay waiting
'Cause her love she can't be faking
There's a gift in her soul
That she longs to let go
Got to share it
Must not fear it
Hard enough to fight adversity
Let alone without intimacy
Love
Love
Love
Love me
I'll give to you
And you give to me
Help
Help
Help
Help me
I'll care for you
And you care for me
I'll put up with you
And you put up with me

(rhythmic improv.)
