

Nasty

(1990)

Let's get down
And get nasty
Let's get down
And get rough
Tuned to the rhythms
Moving with them
Get gritty
Funky
And tough
Come on
Ladies
Let's move it
Some bumpy
Then some smooth shit
Just let it roll
Then tally the toll
Of the men
Just dying to use it
OK girlfriends
Let's shake it
We've got the moves
Don't need to fake it
Just jump on the time
Best pump in your prime
Make a break
Just don't mistake it

I need a man
Who likes mine
In the morning
And the night time
Take a break
Mid-day
To have our way
Loving
Constantly
Is no crime

So let's get down
And get nasty
Let's get down
And get rough

Tuned to the rhythms
Moving with them
Get gritty
Funky
And tough

Come on
Ladies
Let's move it
Some bumpy
Then some smooth shit
Just let it roll
Then tally the toll
Of the men
Just dying to use it
OK girl friends
Let's shake it
We've got the moves
Don't need to fake it
Just jump on the time
Best pump in your prime
Make the break
Just don't you lose it
