

Secret Songs

Music by Mal Waldron
Lyrics by Jana Haimsohn

With each birth
A tone unearthed
Secret songs
Daring chance
With our dreams

Time to grow
Sow seeds
Believe

We could share
We could care
We could give

Longing to touch you
To hold you in me close
Wanting to reach out
Could the fear keep us alone?
I could blend my life with yours, dear

We could share

We could dare
We could love

(During the period from 1981 through 1985 when Mal Waldron and Jana Haimsohn performed together periodically, Mal wrote this song for Jana to write the lyrics. They did not record nor perform this song together publicly.)
