

Shh Shimomura

(2004)

*Shh
Shimomura
Re Tired
Tired
Shh
Shimomura
How do we love thee?
How do we whisper?
Shh Whisper Shh
And Shh
Spell your name?
Let us count the ways
Hundreds and hundreds of ways
Any ol' way we want
Shimomomomoma
Shimorama
Shinanana.....
Shhi Shimomura
Shh Shh
Retired Re Tired
Again and again
Same ol' shhi...
Tired of this shhi...*

*Where's Roger Shimomura?
Oh he retired
With highest honors after decades of courage and class*

*No, I heard they fired his
illegitimate, illegal alien
I mean, Asian carcass
It was reported
The man was deported
'Cause he's a terrorist
With the Chinese Mafia, no less
And what's more
Surely the spurious son
Of a has-been whore geisha concubine
Combatant Afghani
Enemy front line swine*

A very far (Not far enough)
Or near, middle, south east
Beijing, Benin, Balinese, Bangladeshi
Beirut, Bengali, Baghdadi
Daddy?
Babylonian, Bahamas, Barbados, Barbuda
A barracuda Thief (Look at those teeth!)
From Bayonne
Bed Stuy, Brooklyn
South Bronx
Far or near, middle, south
Back east East!
A salivating savage beast of sorts
At least, a very sorted, shifty suspicious type
Despite the forged inconsequential
Of middle-of-nowhere Kansas
Quasi academic alias credentials
Infiltrating this fine faculty Indeed!
An Art and Design crafty career cover design
For a ruthless underground plot
I spot it a mile away
That Complexion of Insurrection
Suicide bomber written all over his face
With a trace of tell tale signs
And sales of opium, to boot
Or shoot
Illicit guns and drugs
International thugs
Heathens and hoods in our God-fearing neighborhoods
Raising Cain
Raising cash
To bankroll the next hijacks' attacks

Oh, but I thought everyone loved him
Love him?
Oh sure, 'cause it appears he's so exotic
Ethnic
Erotic
Lascivious stock
From, you know, BangCock
A sort of wild Indian from Washington
A fomenting phallic foreigner in these parts
But he's smart

A distinguished professor
Impostor
Lesser Commi cast
Subterranean class
Insurgent
Unauthorized race
Look at that face
It's shady
Dubious
Unscrupulous
And those paintings he pretends to paint
Cryptic cartoons crafted
With secret messages encoded
To Tibetan Dalai Lama Al Qaeda
Treacherous cells of insiders
And besides
He drives too slow
Or is it too fast?
I don't know
Drives me crazy
You know, how they do
Who?
Oh, those Chinese North Koreans
You see 'em
Been stuck behind 'em
Got to stop 'em
Get 'em off our highways
Or high gas prices are sure to be raised

Roger Shimomura
Re Tired?
Again and again
Same ol' shhi...
Tired of this shhi...

Shh
Ready for a rest from class at last after all he's given
Time for peace
shh
and quiet

I defy it!
I don't trust it, for a minute
Retired?

No he's Retooled
Revitalized
Revved
Refreshed
Renewed
Reorganized
Reseeded
Reproducing!
Resolved
And reignited with hate
To Retaliate
Ashcroft, Bloody Bush, Rumsfeld, Thomas, Scalia, Major General
Someone----Some strong American
Jesse Helms, take the helm
Take command
Exile Shimomura back to Siberia
Or Liberia Or Hiroshima
Or Nigeria Or Tunesia
Or whatever evil axis he's from
Or Guantanamo Bay
Hey, For God's sake
Before it's too late

Roger Shimomura Retired?
Tired? Shh
Re Tired
Again and again
Same ol' shhi...
Tired of this shhi...
Re Tired?
Again and again
Same ol' shhi...
Tired of this shhi...
Bet he's tired of this shhi...
We're tired of this shhi...
Shh
Shhh
